GIANT MAY-FLOWERING TULIPS

Most useful Tulips for garden decoration and cutting. Fill beds with these Tulips; plant them in borders, in front of evergreens, or along the edge of shrubbery and you will be assured of a colorful spring garden during May, extending into June in the later districts. They give cut flowers of extraordinary quality, which last a long time in water.

We GUARANTEE all of our stock seeds, bulbs, and plants to be true to name and to reach the customer alive and in good condition. If, on receipt, stock should appear otherwise, or in case of damage or error, a claim and report must be made within 5 days. We cannot be held responsible for subsequent cultural failures.

Furthermore, we give no warranty, express or implied, as to the productiveness of any seeds, bulbs or plants we sell and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seeds, bulbs or plants.
Daffodils or Narcissus

In describing Narcissus reference is made to the "perianth" and the "trumpet" or "cup." The latter is the funnel or cup-shaped center and the perianth is the collar of encircling petals.

Classification Names Following Variety Explained Below:

**BARRI:** Cup or crown is less than one-third the length of petals.

**POETAZ:** Bunch-flowering and definitely fragrant.

**POETICUS:** White petals with flat cups of yellow or red.

**INCOMPARABILIS:** The crown or cup measures from one-third to nearly the length of the petals.

**LEEDSI:** Petals white; cup short, mostly cream-white or pink.

**TRUMPET:** Trumpets as long as or longer than the petals of perianth.

**TRIANDRUS:** Tiny trumpet flowers, several on a stem.

Unless otherwise indicated, our prices are for Top-size Round Bulbs. Weight on Trumpet varieties 18 lbs. per 100; Double Nose Bulbs, Trumpet varieties, 30 lbs. per 100; all other varieties average about 10 lbs. per 100 bulbs. If by mail add postage at zone rate; see Envo-blank for amount.

Of all the spring-flowering Iris, this is the finest and most satisfactory race. They produce large flowers on strong stems, which makes them preferable for cut flowers as well as effective in the flower garden, in beds, groups and edgings. For best effect plant them close together. They come to bloom in June after the May-flowering Tulips are through blooming. Dutch Iris may be left in the ground for years in succession, if planted in a sunny location.

EXTRA ORDER BLANKS FREE ON REQUEST
Transportation charges on all classes of merchandise is paid by the purchaser. Shipments weighing over 5 pounds and beyond the 4th zone, and over 20 pounds beyond the 2nd zone, travel cheaper by express. If your order does not specify Mail, Express or Freight (rail or motor truck) or does not include postage, we reserve the right to route the shipment according to our best judgment.

SEEDS AND NURSERY STOCK SHIPPED SEPARATELY

Because of the wide variation in the proper planting time of seeds and nursery stock it is most often necessary that they go forward in separate shipments. The weight of the separate parts will determine the most economical way to ship, i.e. freight, express or mail. Under such conditions it is difficult to handle C.O.D. orders promptly without duplication of C.O.D. Fees.

Please Use Catalog Numbers. It is important you include the catalog number, name of the article, size or quantity, the price and shipping weight of each article ordered.

Please use this order blank which folds into a self-addressed envelope. Extras furnished on request.

When it becomes necessary to make additional explanation or inquiry, please do so on a separate sheet of paper.

How to Send Money. Money is most conveniently and safely sent in the form of a post office money order, express order or check. We will accept personal checks for over $1.00. It is not safe to send silver or currency. Do not send stamps.

FREIGHT

For heavy shipments (100 pounds or over) freight is the most economical method of delivery.

Specify rail or motor truck, whichever serves you best.

Send no money for freight charges (except where it is necessary shipments go prepaid). They will be collected when delivery is made at destination.

EXPRESS

Express is one of the most practical methods of shipping plants, roots and trees. Insurance against damage or loss of parcels valued at $50.00 or less, and special handling of perishable shipments is given at no extra cost. Send no money for express charges. They will be collected when delivery is made.

PARCEL POST

The weight of smaller than one ounce packets of seed need not be considered when listing shipping weights.

Approximate shipping weights are given on all items for which no definitive packing and postage rate is stated. The following table shows the correct amount of postage to send for a given weight to be mailed to any point within the 4th zone.

LAWN GRASS SEED - Clean, Vigorous

EARLY FALL SOWING MAKES AN IDEAL LAWN

We are especially proud of our lawn mixtures. They are composed of the pure seeds of those fine-leaved and deep-rooted permanent grasses best suited for residence lawns.

LAWN SEED PRICES

Quantity prices apply only when the quantity is of a single variety.
